MULTIPURPOSE KITCHEN PARTNER

Alpha DA-1200 is the perfect kitchen appliance for creating delicious and nutritious juices and dishes for the entire family with its **9 DIFFERENT FUNCTIONS!**

FRUIT & VEGETABLE JUICE

Low speed auger preserves natural flavours and high nutritional values. Suitable for all kinds of fruits and vegetables.

CREAMY NUT BUTTER

Grinds all kinds of nuts for various delicious recipes, including peanut butter, tahini, and cashew nut butter, which are all-time family favourites.

MINCED MEAT

Chops and minces seasonings and herbs such as garlic, scallions, onions, red peppers, ginger, radishes, basil, chillies, and more. It also makes mincing beef, chicken, mutton, and fish easy for everybody.

GROUND SPICES, CONDIMENTS, OR COFFEE

Can be used to grind all spices and coffee beans into fine powder.

PASTA & NOODLES

Make your own rice sticks, fish sticks, pastas, noodles, and more!

MILLED FOOD & GRAINS

Easily mills grains or other foods into smooth flour.

SOY & NUT MILK

You can prepare homemade soya bean milk, almond milk, coconut milk, and other nut milk with ease.

PUREES/BABY FOOD

Homemade purees and baby foods can be easily prepared with great flavour and nutritional value.

HOMEMADE SORBET

Fresh sorbets are easily made using the mincing mode with frozen fruit and yogurt.

The most **efficient** single screw juicer

COLD-PRESS TECHNOLOGY

Enjoy live nutrients from fresh fruits and vegetables through tasty, nutritious juices. By regularly drinking fresh juices, you will not only feel healthier; you will be healthier! If you and your family want to experience increased energy, glowing skin and hair, healthy teeth and gums, strong bones, and an alert mind, *eat well, drink well, and live well* with **ALPHA DA-1200!**

3-stage system
Crushing-squeezing-straining

Best leafy greens and
wheatgrass juicer

Precision engineered, stylish,
durable, and designed for
maximum efficiency

Adjustable pressure cap for soft to
hard ingredients

Easy to use and clean

Ultem™ and Tritan™ material:
FDA food-grade and heat resistant

WHY Alpha DA-1200 ?

- ✓ **Manufacturing Quality** - Manufactured in Korea. CE & TUV approved.
- ✓ **High Yield** - The exclusive, dual-stage masticating mechanism ensures extraction of up to 99% of juice from any form of fruit or vegetable.
- ✓ **Multipurpose** - The Alpha DA-1200 offers 9 different functions, making it one of the most versatile kitchen appliances!
- ✓ **Pulp Regulator** - The Alpha DA-1200 has a removable 5-stage pulp regulator that, when used properly, helps to maximize juicing yield. Stages 1-2 is used for soft produce, stage 3 for medium, and stages 4-5 for hard.
- ✓ **Nutritional Value** - The 3-stage auger technology locks in natural flavours and efficiently extracts vitamins, minerals, enzymes, and phytonutrients. No heat is created while juicing and the unique process minimizes exposure to air, reducing oxidation and providing longer shelf life.
- ✓ **Quiet & Powerful** - Featuring a 200-watt motor, which is an increase from previous models, the Alpha DA-1200 provides more torque and runs at 63-75 RPM, the optimum speed for juicing, resulting in higher extraction (up to 15% more) with less foam.
- ✓ **Ultimate Greens Juicer** - Alpha DA-1200 is able to juice leafy greens better than any other single gear juicer available. The 15% wider juicing chute now allows you to juice larger portions and the horizontal layout of the DA-1200 does not incur clogging when juicing fibrous green vegetables.
- ✓ **Better Tasting Juices** - ALPHA DA-1200 produces better tasting juices compared to other juicers because (1) the juices are not oxidized and (2) they contain higher values of vitamins, minerals, antioxidants, and other phytonutrients.
- ✓ **Minimized Pesticide Levels** - The specially designed and patented auger crushes and squeezes fruit and vegetables through a few stages, enabling pesticides to cling to the fibrous material which is dumped out through the drum cap.
- ✓ **Easy & Fast Cleaning** - It takes less than 5 minutes to disassemble and clean after use.
- ✓ **Safety Device** - Alpha DA-1200 has a built-in device which prevents it from overheating. It will automatically shut off when overheated and will start operating again in a matter of minutes when cooled.
- ✓ **Compact & Durable** - Alpha DA-1200 is compact and durable for both home and commercial use.
- ✓ **Affordable Spare Parts** - ALPHA DA-1200 spare parts are readily available and reasonably priced.
- ✓ **After-Sales Service** - NewLife™ International guarantees satisfaction for all customers. We have skilled technicians to attend to your Alpha DA-1200 and our IBO Support Executives are available 6 days a week.
