

KIDS KLENZ

Constipation in children is often due to dehydration, lack of fibre, or the lack of probiotics in the gastrointestinal tract. Nature's Gift Kids Klenz from NewLife™ is a natural plant fibre supplement especially for kids who are 6 years old and above. It is formulated to support healthy bowel movement and promote optimum health. It contains a prebiotic that supports a healthy environment in the gastrointestinal tract. It also enhances the body's immune system. This effective natural fibre formula helps to counteract fibre deficiency in the diets of most children.

| BENEFITS

- Promotes bowel movement
- Natural appetite regulator
- Better nutrient absorption
- Prebiotic effect for a healthy digestive system
- Regulates the absorption of sugar into the bloodstream
- Strengthens the immune system and has anti-inflammatory effects
