

LIVERIN

The liver performs more than 500 functions – it is one of the body’s key detoxifying organs and an integral part of the immune system. With the billions of activities and functions going on in the liver, it can be hard to spot any malfunctions that aren’t major enough to be chronic issues. Common symptoms of poor liver health may include: headaches, fatigue, hormonal imbalance, constipation, aches and pains, skin conditions, and allergies. These symptoms could be a sign of having a “sluggish liver”, which could go by undetected in liver enzyme tests.

Liver health is of utmost importance to the health of the entire body, and must not be ignored. Many natural herbs possess properties that are able to protect and enhance liver function. These herbs are also able to rebuild liver cells and stimulate the elimination of bile from the liver. Clearing bile from the liver helps to decongest the organ, which is not only important to the health of the liver, but also to the well being of the whole body.

INGREDIENTS

A proprietary blend to NewLife™, Liverin is an ideal combination of herbs - Milk Thistle Extract (with 80% Silymarin - a potent antioxidant), Dandelion, Artichoke Extract, Burdock, and Celery Extract. It is specifically designed to help protect and support the body’s detoxification organs, particularly the liver and kidneys.

BENEFITS

- Rebuilds liver cells and removes toxins.
- Powerful anti-oxidant and anti-inflammatory effects.
- Repairs liver damage caused by medication, excessive alcohol consumption, as well as the effects of pollutants found in the environment.
- Stimulates the liver to increase bile flow, which carries away waste and breaks down fats during digestion.

KEY FEATURES

- Liverin contains a proprietary blend of herbs at the right potencies, which work synergistically to combat free radicals and oxidative stress, thus preventing the onset of many degenerative and age-related disease.
- Produced using vegecaps and is suitable for vegans.
- Contains no synthetic ingredients, no animal ingredients, and is all-natural and chemical-free.
